The person so authorized may delegate any or all of the powers and duties under this chapter to assistants, subordinates or other employees of the City.

Sec. 5-5. Entry powers.

The administrative authority shall, after proper identification, have the right to enter any premises at any time during normal working hours and at any time in cases of emergency, for the purpose of performing duties under this chapter in the interest of public safety and/or to enforce the provisions of this chapter.

Sec. 5-6. Authority to require exposure of installation.

Whenever any installation requiring a permit and/or inspection under any provision of this chapter is covered or concealed without having first been inspected, the administrative authority may require by written notice that such work shall be exposed for inspection. Any cost

of such exposing and recovering shall be borne by the permittee or party responsible for the work requiring inspection.

Sec. 5-7. Authority to stop work.

(a) When any construction or installation work is being performed in violation of this chapter, any applicable permit, or approved plans and specifications, a written notice shall be issued to the responsible party to stop work on that portion of the work that is in violation. Except as otherwise specifically provided by this chapter, any order or notice issued pursuant to this chapter shall be served upon the owner, agent or occupant of the structure to which the order or notice relates or other person responsible for the condition of violation. Service shall be made either by personal service; by delivering the same to the subject premises or the office or usual place of abode of the person being served and leaving it with some person of suitable age and responsibility who shall be informed of the contents thereof; by mailing a copy thereof to such person by certified mail to the last known address with return receipt requested; or if the certified mail is returned without receipt or with receipt showing that it has not been delivered, by posting a copy of the order or notice in a conspicuous place in or about the structure affected by such order or notice. Any permit or certificate which purports to sanction a violation of any provision

of this chapter or any applicable law or regulation shall be void, and any approval of plans and specifications in the issuance of such permits or certificates shall likewise be void.

(b) Before any license shall be revoked or suspended, the licensee shall be given written notice of the proposed revocation or suspension, enumerating the charges against the licensee. The revocation or suspension shall become effective and final on the date set forth in the notice unless the licensee contests the revocation or suspension. A licensee desiring to contest the revocation or suspension shall submit a written request for a hearing before the administrative authority within ten (10) days from the date of the notice.

(c) The hearing shall be informal and the licensee shall have a reasonable opportunity to present relevant testimony and evidence. The administrative authority may conduct any investigation or research necessary to render a decision. Within fifteen (15) working days following the conclusion of the hearing, the administrative authority shall make a final decision, in writing, with respect to the suspension or revocation of the licensee. A copy of the decision and the reasons therefor shall be provided to the licensee.

(d) The decision of the administrative authority to suspend or revoke a license may be appealed to the Circuit Court of the County in accordance with the Maryland Rules as set forth in Title 7, Chapter 200; provided that the licensee first shall have exhausted the administrative remedy contained in this section.
